Dear Students and Families,

Those last few weeks of school can be a challenging time for students and **school staff** as everyone looks ahead to that last day of classes, graduation, and a much needed summer break. The temptation to “slack off and coast” a little as the year winds down is understandable; however, the many unresolved issues which come only at the end of the year make it imperative that all of us “step up” the quality and intensity we bring to the unfinished business ahead of us. Maintaining the grades necessary to keep a HOPE scholarship, success on EOGs, EOCs, AP exams, benchmarks, semester exams, and passing courses required for graduation or promotion are paramount to a student’s successful completion of an academic year. To finish strong, all students need to remember that each class is important and to arrive to school on time with their pens, pencils, paper, notebooks, books, and completed assignments and projects. For the remainder of the time we have, **teachers should be teaching**, and students should be learning... until the last bell signals the end of the 2015-2016 school year.

Chuck Gibson

Superintendent
